A work in the mines at Iron Mountain stopped last Saturday with the understanding that nothing more would be done during the winter. Monday, however, the announcement was made that work would probably be resumed at an early date.

Doctor John F. Hargett, pastor of the Ninth Street Baptist church, of Cincinnati, Ohio, will deliver the address at the funeral of Russell Riggs, Friday afternoon. Dr. Hargett was an overseas chaplain, and saw service on the firing line. Many valley people will remember the Doctor as the Assembly pastor on Arcadia Heights a few years ago.

J. S. Clay reports the sale this week of the Wm. D. Smith place of 34 acres, near Leadington, to Benjamin M. Patterson, of Ironton; consideration \$5000. Mr. Patterson is a brother-in-law of Mr. Algier who bought the Kollmeyer farm, near Copenhagen, about two years ago. Mr. Smith expects to locate elsewhere in the county.—Farmington News.

It has been reported here on good authority that Miss Mary Steel has accepted the position of primary teacher in the Central school at De Soto. It is to be regretted that the people of Hillsboro were deprived of the opportunity of having Miss Steel in this community in the same capacity, in view of her exceptional qualifications for primary work.—Hillsboro Democrat.

Construction work is proceeding very satisfactorily on the Old-Folks Home, and, barring accidents, it is hoped to have the structure completed as planned. Of the 500 notes of \$100 each, issued by the Board of Trustees in June, to finance the building, nearly two hundred have been disposed of and it is expected and hoped to have them all sold by January 1st. All honor to Dr. Riggs, who is brimful of energy and as resourceful as can be.

Mr. and Mrs. Benjamin Sell and their daughter, Miss Mary Jane Sell, were the guests of E. E. Evans and family a few days last week, enroute to their home in Loganport, Ind., after an extended auto tour of the west where they visited Yellow Stone Park, Salt Lake City, Pike's Peak, Denver, Colorado Springs and other points. They were accompanied by Mrs. Sell's niece, Hon. O. F. Wolf, Senator 15th District of Kansas.

Mrs. R. S. Adams of Goodland was in Ironton Wednesday on her way

home from a two weeks' visit in her former home in Ohio. While away she visited the cities of Cleveland, Canton and Youngstown. She found many changes had taken place in the thirty years since she last visited there but, for all that, met with many old friends and had a most delightful and enjoyable visit. Her son, Randolph, who is teaching in De Soto, accompanied her.

Recorder Hawkins has issued the following marriage licenses the past week:

Alva Schrum and Mrs. Kate Schrum of Redmondville.

Raymond West of Arcadia and Marnerva King of Minnimum.

Dennis Slattery and Julia Mahanay of St. Louis.

Herbert Upton of Vulcan and Esther McKinney of Arcadia.

Arthur Steinbrecker and Helen Lawless of St. Louis.

Thomas Sisk and Rosella Spargrove of Pilot Knob.

Mrs. Martha Kelley, who has conducted the New Commercial Hotel for the past two years, has sold the building to Walter Wilson, a block signal man on the railroad who lives in south Ironton. Mr. Wilson has leased the hotel to Walter Shy, who has bought the furniture from Mrs. Kelley and will take charge of the hotel between now and October 1st. Mrs. Kelley has made many friends during her residence in Ironton who will be sorry to see her leave town.

Mr. and Mrs. S. W. Andrews and Mr. and Mrs. A. J. Langdon departed Monday afternoon in their cars on a trip that will last several weeks. They will go from here to Warsaw, Illinois, Mr. Andrews' old home, and from there they will journey through Illinois and Indiana, Mr. and Mrs. Andrews going to Louisville, Kentucky, and Mr. and Mrs. Langdon to Tennessee. They propose to camp out, stop as often and as long as they please, and have a real outing. We wish them a very pleasant trip.

B. H. Marbury returned to Potosi Sunday to be present at the opening of circuit court there Monday morning. Among the other business he had on hand was to look into the bond which it had been rumored Chas. Harris, who was last week convicted of bank robbery and sentenced to a 30-year term in the penitentiary, would probably offer, pending an appeal of his case. Mr. Marbury proposed to go thoroughly into the financial responsibility of any proposed bondsmen. He feels that Harris' conviction to a long penal term is too great a victory for law and government to permit such punishment to be set at naught through a "straw" bond.—Farmington Times.

Farmington News: "T. P. Pigg, editor of the Ironton Enterprise and formerly editor of the Farmington News, has been appointed Deputy Game Warden in the Thirteenth Congressional District to succeed Ed Byington of Farmington. Mr. Pigg is an old nimrod and angler and ought to make good in his new position. We believe he will and we will all feel very grateful to him if he succeeds in getting some relief from the Silver Dam obstruction to the passage upstream of fish in the St. Francis river. It does seem to us that an opening could be made in this dam that would permit the easy passage of the fish upstream and yet do no serious permanent damage to the dam."

Greenville Sun: "H. G. Harrison of Piedmont was notified last week of his appointment as bank examiner, and went to Jefferson City Saturday to confer with State Bank Commissioner J. G. Hughes, returning to Piedmont Monday. Mr. Harrison will begin his duties with the State Banking Department on September 19, and he has been assigned to Southeast Missouri territory, which will permit him to continue to reside in Piedmont. The position carries a salary of \$2000 per year. Glen is an exceptionally capable young man, is experienced in the banking business, and will make good on the job. Aside from all that, he is a bully good fellow, and his appointment is the occasion for much gratification to his many friends in this section of the state."

Our postmaster has received and posted in the office a list of deserters from the military service during the World War, who were under the jurisdiction of the Local Board for Iron County. It bears one name, only, that of Marion Dee Kelley, Order No. 371, of Pilot Knob, Mo. The law provides that "it shall be lawful for any civil officer having authority

to arrest offenders, summarily to arrest a deserter from the military service of the United States and deliver him into the custody of the military authorities." Actual expenses, not to exceed \$50.00, will be paid to any civil officer for the apprehension and delivery to military control. Iron County may well be proud of its record during the war, and it is to be regretted that even one was found who failed to measure up to the full stature of our citizenship.

Poplar Bluff Republican: "A singular experience in the life of Mr. and Mrs. E. W. Graves of Poplar Bluff is found in the fact that on two trips to the Pacific coast they have been passengers on vessels each of which on

the next succeeding trip was lost. Mr. and Mrs. Graves recently made an extended western trip, visiting points in Canada, Oregon and California. They made the trip from Portland to San Francisco on the steamship Alaska, and it was on her next trip that the Alaska was wrecked on the reefs between Portland and San Francisco and nearly three score lives were lost. And it was while meditating upon the possible fatality which might have befallen them had they waited, and taken this steamer on the next, its ill-fated trip, that Mrs. Graves recalled that when on the Coast some twenty years before they had a similar experience; at that time they took a steamer from Portland to San Francisco, and that vessel on the very next trip was wrecked by plowing into a mammoth timber raft in the Golden Gate and many lives were lost. Mr. and Mrs. Graves report a most delightful trip, being most impressed, Mr. Graves states, by Vancouver, B. C., Portland, Oregon, and San Diego, California. In the latter city they met a number of former residents of Poplar Bluff."

Grade School Notes.

The total enrollment of the grade school is about 190 and each day new pupils are being added to the list. Music, drawing and penmanship are being taught in all of the grades this year. With the addition of new playground equipment, the school is having a greater attraction for the pupils.

The Arcadia school is progressing. It has an enrollment of thirty-five pupils; fifteen are in the first grade, six in the second grade, seven in the third grade and also in the fourth grade.

The oiling of the floors and the putting up of new window shades has added much to the comfort and appearance of the school room. A sanitary drinking fountain has been ordered for this school and is expected to arrive any day.

WANTED.

Will pay \$10.00 per 1,000 for sound oak logs delivered at the Perry Patterson mill, Arcadia, Mo.

E. E. EVANS.

High School Notes.

The Ironton High School opened Monday, September 5, with an enrollment of 77.

The enrollments of the various classes are as follows: Freshmen, 19, Junior 14, Sophomore 23 and Senior 21.

The fourth teacher for the high school has not yet been secured.

The senior class this year is indeed a very large one, and we feel safe in saying that it is considered a strong one, as well.

The seniors are very glad to welcome to their class Agatha and Jack London who spent their first two years of high school at this place.

The majority of the students seem interested in their work, and we be-

lieve that our high school will be a very successful one this year.

In order to do good work high school students must work at home. The average student will have to do at least two hours' work at home. If your children are not working at home, there is something wrong. Be sure to see the teacher or Superintendent concerning them.

For Sale—My property in Arcadia, lot on Assembly Grounds; also some household goods.

MRS. A. M. PLANTE.

Arcadia College Notes.

On Tuesday, September 6th, the College began its 44th Scholastic Year with a gratifying enrollment. A large student body was expected and ample provisions were made to accommodate all comers.

The necessity of a thorough education is being impressed on people more and more. Year by year parents realize that the children who are not placed in competent hands during their school days, are working under a handicap that few will be able to overcome in after years. There are hundreds upon hundreds of schools throughout the land, and all are opening their doors this month to record-breaking numbers.

Arcadia College, because of its faithful work during almost half a century, because of the unselfish spirit with which the Ursuline Sisters devote themselves to the work of instructing and educating, has kept pace with the advances of the best schools. The buildings are modern, well lighted and ventilated. The class rooms are provided with all improvements and necessary equipment. The courses are standard. Special advantages are offered in music, science, expression, domestic art and commercial work. The Academy is accredited to the University of Missouri.

Arcadia College is "just the school for your daughter" because it adds to the advantages of a solid course of studies, a location that is ideal for school life. The recreation grounds cover an area of twenty acres. Every kind of game and amusement is provided for the students. There are the lovely hills of the Ozarks on all sides. Who has ever stood in the Arcadia Valley and seen the glories of the setting sun, looked upon the riot of colorful beauty in the days of Autumn, or the fresh green of the mountains in the Springtime, and has not felt that here, indeed, nature has left her most wonderful marks? Here in this Valley of Charm is Arcadia College, "just the school for your daughter."

Here is the school that is prepared to take that girl of yours and lead her through the tender years of girlhood to true and noble womanhood, to mould her character and make her fit to take her proper place in the great world of to-morrow.

Notice to All Iron County Ex-Service Men.

All Ex-Service men of Iron County and adjoining counties are requested to attend and are invited to assist in the funeral services of Private Russell Riggs, to be held on the Court House lawn Friday, September 16th, commencing at three p. m. sharp. All are requested to appear in uniform; those having no uniform will be given a special badge to wear. All ex-service men are asked to report to Wendell Bros. Garage, to register as soon as they arrive in town, where you will receive instructions and be given a badge to wear.

Firing Squad will report for guard duty at 11 A. M. Men in uniform who will volunteer for guard duty to report at same time.

Delegates of the post who are to meet the body at the station Thursday, September 15, will report at Wendell Bros. Garage at 11:15 A. M. sharp. Be in uniform.

The funeral of Henry Harveston of Pilot Knob will be held soon; dates will be published as soon as notice of when the body will be shipped is received.

All ex-service men are invited to join the Edward Wendell Post of the American Legion. Our campaign is on for members; help one of our members to secure the free trip to Kansas City to the greatest Convention ever held in Missouri. All members of the American Legion will be entitled to go to Kansas City and return for one cent a mile; they are allowed to take all dependents at the same rate. Hotel rates will be from \$1.50 to \$3.00 a day. These are guaranteed by the Legion. Those who intend to go should notify me as soon as possible, so accommodations can be reserved for you.

A great meeting of the Post was held last Wednesday night; three members were initiated into the post; important business was transacted. The case of Louis A. Eldredge, a disabled ex-service man, living at Vulcan, Mo., was taken up. The fact was established by medical evidence and other means that he is unable to work; that his compensation has been stopped; that he and his family are starving; that they are without clothing; that he sold his army overcoat to provide transportation to go to Poplar Bluff before the clean up squad. The post has helped and is ready to

MALE AND FEMALE

A Paramount Artcraft Picture.

IMAGINE! A group of men and women, suddenly flung on a desert isle. Master and man, mistress and maid—now only males and females.

Birth, wealth, trappings, vanished. A new life, calling to a test of worth, where those who are strong, lead, and those who are weak, follow.

Such is this great story. Ranging from the splendid home of an English earl to savage scenes in a tropical jungle, from nice conventions of the cultured elite to uncontrolled passions of ancient Babylon. An epic of love and struggle, vital in theme, stupendous in conceptions, amazingly dramatic, beautiful beyond words. Founded on J. M. Barrie's Famous Play, "The Admirable Crichton."

TUESDAY, SEPTEMBER 20. 10c and 30c, including War Tax.

help some more, and in fact ready to do everything possible in this case and in any other worthy case that may be brought to our attention, but we are handicapped for lack of funds. Many ex-service men put off joining us; they think they will wait, and in the mean time some of our men are starving to death. It is only through numbers that we can hope to accomplish anything; every member counts. Letters like the one that follows make us swear.

VULCAN, Mo., Sept. 10, 1921.

MR. LOUIS R. MILLER, Arcadia, Mo.
Dear Louis—I want to write you just a line or two in regard to Louis A. Eldredge. Earl Parker told me when I was home last week that the Legion had given Eldredge some help. As you probably know I am teaching the school here, and on account of his children not coming to school I made investigations and found out that his children had no clothing to wear to school. Today, I went over to his home and was surprised to find human beings in such a condition. He has four children under seven years of age, half starved, half clothed and in a pitiable condition. They haven't had all they could eat for months and the home is in a wretched condition. Some one has got to help the family, and I thought if the Legion was going to try to help him that I would let you know just what circumstances he and his family are in. I am going to do all I can for his family, but I think the Legion ought to take the matter up immediately, for they can't live long in the condition they are in now. If there is anything I can do, don't hesitate to let me know. I thought you ought to know these things if the Legion is going to take the matter up.

PAUL J. KEITH.

The above letter is from a member of our Post who is on the ground and

we know these facts to be true. Now therefore I, as commander of the Edward Wendell Post No. 64, call up on all Legionnaires, ex-service men and all citizens to send in all surplus clothing to Wendell Bros. Garage. If you live in town kindly call up Geo. Wendell, Post Adjutant, and let him know you have some clothing on hand and arrangements will be made to collect it all.

A very quiet wedding took place on Thursday evening, September 8, 1921, at the home of the bride, when Mr. Herbert Upton of Vulcan and Miss Esther McKinney were united in marriage by the bride's father, Rev. J. W. McKinney, in the presence of the immediate family and Mr. Blanchard Tual.

The bride is the oldest daughter of Mr. and Mrs. J. W. McKinney of Arcadia, and was formerly a teacher in the Ironton schools. The groom is a successful farmer of Vulcan, Mo. Both the young people are held in the highest esteem by a host of friends who join in wishing them all the joys of a happy married life.
